SIR:

In response to the Office Action dated August 3, 2001, please amend the application as follows:

IN THE CLAIMS:

Handwritten signature: H. Singh

1. (Amended) A composite fabric comprising first and second fabric layers and an intermediate vapor barrier selected from the group consisting of a foamed adhesive in the form of a discontinuous film, an adhesive in the form of a continuous film mechanically altered by one of crushing and stretching, and a membrane adhered to said first and second fabric layers with an adhesive and mechanically altered by stretching;

wherein said intermediate vapor barrier has a variable water vapor *
